Grafton, Auckland, New Zealand

Catholic School for Boys in the Edmund Rice Tradition

September 5, 2014. Newsletter 14/14

When Should Students Peak?

About this time last year, I was approached by an Auckland U11 rugby coach about a clash between the school AIMS Tournament in Tauranga and a Walter Dickson Tournament rugby practice.

I was reminded quite forcefully that if these boys missed their practice, they would be forfeiting their rugby dreams as an All Black. Really – age 11?

I note that Mahe Drysdale (New Zealand rowing champion) never started rowing until he left high school.

I note also that there are five recent old boys in the Auckland Rugby ITM Cup – many knocking on the door for Blues or All Black status. None of these five were in the National finals rugby championships.

Boys in sport seem to 'peak' after they leave high school. The controlled confines of school routines are almost essential in keeping adolescent boys secure and settled during what can be a turbulent personal growth time.

It is true also in academic learning. Secure settled routines in classrooms keep adolescent boys focussed on their learning and exams.

It is true in behaviour management. Adolescent boys in secure routines experience freedom to become, rather than freedom from - !

Boys at St Peter's College are given licence to serve others.

If boys do 'peak' after college, life focuses more on the journey during the college years. Qualities such as fidelity to daily routines, having an organised mind, ability to hold competing external demands, ability to keep a focus, ability to compete fiercely, win/lose graciously and not to succumb to narcissistic tendencies of greatness – are just some of the life lessons learnt in adolescent years.

Who was it who said:

"We should not judge people by the peak of excellence; but by the distance they have travelled from the point where they started."

Schools are about journeys – not destinations! The qualities of character will last much longer

than achievement. Who can remember their year 10 maths mark 25 years after leaving school?

So the question remains – when should students 'peak'?

Boys will 'peak' when they are ready. They should always be encouraged, supported and sanctioned, but they will 'peak' when everything in their life lines up.

So parents take a deep breath when your son misses out on the All Black Walter Dickson or the maths Einstein prize or the Mozart equivalent of music.

But let your son know in no uncertain terms if he "misses" rugby practice, "misses" class/school or "skips" music practice - because he is tired, bored, hungry or whatever.

The journey is more important.

Congratulations:

- **7th grade rugby team** – unbeaten Auckland Secondary Schools Champion
- **U13 middle school rugby team** – unbeaten
- Gold medallists in the National Cycling Championships at Taupo: **Aidan Merrick** Yr7, **Hunter Sharp** Yr7, **Chris Fernandez** Yr7, **Maxim McKenzie-Bowie** yr 7, **Lachlan Brown** Yr7.
- **Swimming: Sebastian Priscott** (14yrs) 1st= NZ 200, 400 Freestyle. Other results page 9

Download the SPC College APP. Go to the APP Store and download for free. Everything you need in a convenient site.

Another great fortnight.

In His Peace

K F Fouhy
Headmaster

Special Character News

The St Peter's Man is a Man of Faith

Service and the Edmund Rice Touchstones

One of the four Touchstones of Edmund Rice schools is 'Justice and Solidarity'. Justice is about seeking to right wrongs and solidarity is about standing alongside of those who need help; the unprivileged, those at the margins of society, those who are vulnerable. The St Peter's College Service Programme is a direct outworking of the Justice and Solidarity Touchstone. Each year hundreds of SPC students offer their time and talents for the needs of others. Whether through College initiatives, such as the Edmund Rice Aspire Programme, or service in local communities, such as Parishes, Youth Groups, or Surf Life Saving, St Peter's students are known throughout Auckland as young men who understand that Catholic Community is about Service, Justice, and Solidarity.

Congratulations to all our students for the service work they have done throughout the Auckland community in 2014.

Quest Retreat 2015

A key service opportunity for Year 11 students to sign up for now is the 2015 Quest Retreat. Quest gives many (approximately 80) Year 12 (in 2015) students the opportunity to mentor Year 9 students in a programme designed to assist Year 9s in their transition into the secondary school. The programme acknowledges that this transition can be a vulnerable time for St Peter's students. What better way to help the Year 9s in this transitioning phase than for Year 12s – who have 'been there and done that' – to offer their time, wisdom and experiencing.

Quest Sign-Up Details:

- All Year 11 students will soon be receiving an invitation to apply to be a leader on the 2015 Quest Retreat. This experience is not to be missed!
- Year 11 students should hand in their completed application forms to the Academic Office by Thursday September 25th.

From Deputy Headmaster (Pastoral Care) Stephen Dooley

Co-Curricular Representation Data 2014

A sense of belonging is perhaps the most important ingredient for any adolescent male. Representing the College is a healthy step towards achieving this for your boy.

When students represent the College in co-curricular they are representing something bigger than themselves. They will not want to let the College or their friends down. This also means - they are more likely to care about their academic performance! "Co-curricular" means representing and contributing to school activities outside of usual school time.

Our internal student engagement research data is crystal-clear - when engagement is high effective attitudes and habits are established. The achievement that follows in the classroom is a natural outcome.

For all of these reasons the minimum expectation is - each student represents SPC in at least one co-curricular activity each year. Sports, Music, Cultural groups, Production, Service groups are all co-curricular.

After collating the figures we have calculated 96% of the students at SPC are committed to one or more co-curricular activity. This is up 9% from last year.

Students representing SPC in one or more Co-Curricular Activities in 2014.

	2014	2013
Year 7: 175/193 students	91%	74%
Year 8: 176/186 students	95%	76%
Year 9: 198/206 students	96%	100%
Year 10: 206/211 students	98%	85%
Year 11: 199/201 students	99%	87%
Year 12: 182/186 students	98%	96%
Year 13: 125/130 students	96%	94%
Total Students:	96%	87%

A sincere thank you to all the parents who continue to transport, support, coach and manage your sons activities – it could not be done without you.

Gods Blessings

Steve Dooley

GUIDANCE COUNSELLING

Guidance Counselling is available during school hours. Any students requiring confidential appointments or a parent wanting to refer their Son, can reach Mrs Kersten in the Careers Department. Contact details are:

Music

Musical Excellence Dinner

Congratulations and thank you to all in the SPC Music community for the magnificent Music Excellence Dinner. Special thanks to all parents involved in 'Friends of Music' and the 'Music Europe trip fundraising group' that helped with the organisation - this made the dinner a very special event!

Congratulations to the following students who received scholarship awards (to continue their music quest for excellence), which were presented at the dinner:

Liam Shanker

Michael Nihotte

Samuel Verlinden

Patrick Hayes

David Robertson

2015 Scholarship: Sign-Up Information

Students wishing to enroll in 2015 Scholarship classes at St Peter's College should do so via the SPC Portal in Week 9 of this term. Scholarship options will be available on the same SPC Portal page as the Year 13 2015 NCEA and CIE options.

What are NZQA Scholarship Exams?

NZQA Scholarship Exams represent the pursuit of academic excellence at the highest possible secondary school level. Scholarship is awarded to the top 3% of Year 13 students in New Zealand studying each subject. St Peter's College expects all able students, from both the CIE and NCEA pathways, to test themselves at the national level that Scholarship exams afford. The values of Scholarship success are numerous: Universities give weight and recognition to the results; If a Scholarship(s) is obtained there is an associated monetary award to aid the students with their future studies; Prospective employers will notice success in Scholarship as a symbolic of intellect and work ethic.

Who Should Sign-Up?

As a general guide, CIE students should enrol in Scholarship Exams for all subjects in which they achieved a high B or above in IGCSE and/or all subjects in which they are attaining at 70% and above in internal course work and exams during Year 12. NCEA students should enrol in Scholarship Exams for all subjects in which they are achieving predominantly at Excellence level.

For further enquiries regarding Scholarship you can contact Assistant Headmaster Hayden Kingdon email: hkingdon@st-peters.school.nz

From the Assistant Headmaster (Middle School) Michael Mullin

Middle School Report

Over the last couple of weeks I have had the good fortune to link in with a couple of our feeder schools. In week five, Mr Skeen as the Head of Year 7 and I were asked to judge the speech finalists at Saint Dominic's Catholic Primary school in Blockhouse Bay. What we saw was a very impressive group of young men and women give speeches on a variety of topics, from "Animals in the Zoo" to "Why basketball is the best game". The calibre of the students, some as young as 6 years old, who were confident to talk to a hall full of their fellow students and parents shows maturity beyond their years. A wonderful opportunity and it was a privilege to judge such fine competition – it certainly was difficult to decide in each year who gave the best speech.

Last week I was also invited to St Francis Catholic Primary School to read to the Year 6 class for their Book Week. I read from a series that I grew up with, "The Three Investigators", all about three young boys who were typically introduced to a mystery by a client or found something unusual accidentally. It gave me hours of entertainment and certainly gave me a real love for reading, one that we all hope that the young men at Saint Peter's College will pick up as well.

What did stick with me from the visit was when the young men of the class took me out to the area on the yard where they get to play at interval and lunch. They had created their own makeshift huts with tarpaulins and rope. It reminded me of the importance of boys being able to play. Here were 10 and 11 year olds playing all sorts of games in their own castles, enjoying the chance to explore their imaginations and interact with other boys which can be lost in today's world.

The message is clear, we have amazing young men that come to Saint Peter's College with all sorts of talents, from public speaking, to sports, music and culture. We need to encourage the young men to get involved in all sorts of activities and give them the opportunity to excel in their given talents. As teachers of young men in the Middle School, we need to encourage our students to be 11 and 12 year olds. These are children that can enjoy the playground being active physically and with their imagination.

Mike Mullin

Assistant Headmaster

General News

Travel Wise Award

Recently the Auckland City Council's Travelwise team awarded Headmaster Kieran Fouhy a plaque recognising the school's status as a Travelwise school.

The Travelwise programme is an innovative schools-based programme that aims to improve road safety and achieve a reduction in the number of vehicles driving to and from school at peak times.

It does this through encouraging and increasing alternative modes of travel, and providing safer facilities for all road users.

In addition the transport group at St. Peters have been responsible for developing and implementing the Safe Pleasant Commuting (SPC) program to ensure that everyone's journey to and from work on buses and trains is as smooth and stress free as possible. Following the start of this program there has been a significant increase in the number of compliments and corresponding decrease in the number of complaints regarding the actions of SPC students using public transport.

Shared Memories Project – WW1

The shared memories project is looking for more boys who are interested in the Western Front campaign in France and Belgium - particularly if they have memorabilia of family members who took part in this as a soldier or support person. – or if they are prepared to research possible ancestors

For boys in year 8, 9, 10 and 11 there is the possibility of taking part in a trip to France in 2016 as part of this project.

Please contact Mrs Ubels-Rattray
mubels@st-peters.school.nz

Do you know any Old Boys?

A group of St. Peter's students are researching the history of St Peter's for the 75th jubilee.

Do you know any old boys who would be willing to write a short recollection (just a few paragraphs) of their time at St Peter's to be included in a souvenir magazine or archived for future reference?

We are also interested in hearing from anyone who participated in a school production in the 1970s.

Any recollections to be sent to
karen_ronald@hotmail.com

Yr 7 & 8 Cyclists Excel

On the 29th September, ten Year 7 & 8 boys competed in the North Island Cycling Middle School Championships held at the Taupo Motorsport Park.

In windy conditions the Year 7 boys started the racing in a team of four, putting on a fine display of team time trialling. They did everything their coach asked them to do, lapping consistently and keeping tight. They kept their structure and their concentration right to the end and were rewarded with the fastest time and first place. Congratulations **Hunter Sharp, Chris Fernandez, Maxim Mackenzie-Bowie and Lachlan Brown**. The two year 8 teams raced next with the 'A' team placing 7th.

In the Year 7 Individual race **Aidan Merrick** won gold after a very exciting sprint for the finish line and **Lauchlan Brown** finished a credible 11th. Luke Ransley placed 4th in the Year 8 individual race while **Reuben Webster** unfortunately got caught up in a crash.

SPC Race Manager **Peter Merrick** said "What was especially pleasing was to see the boys dealing so well with the race day stress and how they went through the entire process in a workman like manner. This was possible because all parents remained calm, relaxed and helped out, often without needing to be asked, which was fantastic and made the experience enjoyable for those involved".

Cycling is going from strength to strength at St Peter's. We wish the secondary school cyclists all the best for the NZSS Individual Championships over the weekend.

Excellent results at the NZSS Swimming Championships

Excellent results at the NZSS Swimming Championships

Oliver Kumarich, Sebastien Priscott and Daniel Cameron recently competed in the NZSS Championships. With over 100 schools participating the boys achieved some outstanding results.

Sebastien Priscott (14yr old boys) – 1st 200m Freestyle, 1st 400m Freestyle, 2nd 200m Individual Medley, 2nd 200m Backstroke

Oliver Kumarich (13yr old boys) - 2nd 50m Butterfly, 3rd 200m Backstroke, 4th 100m Backstroke, 4th Butterfly

Daniel Cameron (14yr old boys) – 3rd 100m Butterfly, 4th 50m Butterfly, 4th 200m Butterfly, 5th 50m Freestyle

In the three man teams competition St Peter's scored 281 points to place them in a tie for 8th out of 62 male school teams.

Sam Pendreigh gains a Top 10 Finish at Australian Cross Country Nationals

Sam Pendreigh recently travelled to Australia to compete in the Australian Cross Country Nationals. Running in the U20's 8km individual event Sam placed 9th secondary school student recording a time of 26.32. In doing so he was the third New Zealander home.

He then went onto compete in the U20's teams relay event placing 2nd.
