Bonjour, I am a French native. I have three children, 2 boys and a girl, aged 17, 15 and 5. I have raised them to be bilingual in French and English. We have been in New Zealand for 12 years. I have a Diploma in Teaching French from l'Alliance Française, A university Diploma in Teaching French as a foreign language and I am currently studying a degree in Language Science.

Tutoring Experience:

I have experience with teaching French as a foreign language to all age groups. I have taught young adults and adults as a French Tutor at the University of Auckland and at Sturges West Community Centre. I have also worked with children in a French after-school setting in the UK. I have experience working in early childhood as an ex Playcentre parent and at Primary level as a Language assistant in the French unit at Richmond Road School.

Tutoring Approach:

I adapt my approach according to students needs, interests and goals and especially to their learning styles.
