## Commerce (Head of Faculty: Mr Stephen Rewcastle)

#### 2019 Highlights and Successes:

- St. Peter's College entered 42 students into the University of Auckland Economics competition. 41 of the students placed in the top 40% of all competitors and we were pleased with Ethan Gray gaining a top 20 placing and Jett Gannaway being named 1<sup>st</sup> place nationwide in Year 13.
- UE pass rates increased steeply in our NCEA programs. They went from 55% and 59% in Economics and Business Studies respectively in 2017 to 71% and 94% in 2018.
- CAIE grades have been impressive with 100% of A level students gaining a C pass or higher.
- Overall 60% of all CAIE students across the senior level gained a B grade or higher.
- We have introduced a partnership program with AUT around Business Innovation and Entrepreneurship this year. This has been an evolving program that has had a number of changes. Looking to 2020 for opportunities for Senior students to get involved with this.

- We will introduce a dedicated scholarship class for Economics for the first time. The intention is for this class to focus on scholarship material as well as wider Economic topics around investment and financial literacy.
- The AUT Business Innovation and Entrepreneurship has evolved in to a Virtual Reality program that is currently being tested. We would encourage any student who is interested in starting up a business to get involved with this program.
- The year 10 Business Studies program has been rewritten for 2020 to ensure a better grounding for all students in the basics of Economics and Accounting. This will lead to better basic knowledge at year 11 and therefore better marks.
- We are looking to work much more closely with University of Auckland as well in terms of academic partnerships particularly in Economics. There are a few programs being run through the University that will help with content delivery and understanding that we can utilise. This partnership will bring closer ties between the university and St. Peter's College.

## English (Head of Faculty: Mr Stacy Humpage)

#### 2019 Highlights and Successes:

- The year began with reflection on the previous years' results, which continued a steady upward trend in achievement across both pathways, and at all year levels.
- The Literacy programme, run by Mr Alistair Van de Water, has continued to develop pleasingly, with a noticeable improvement in both engagement and attainment from many of the students involved in the programme.
- Professional Development within the faculty has primarily focused on upskilling in the CIE pathway (although there continues to be a dearth of opportunities in this area) and placing greater emphasis on the use of Write That Essay, including the entire faculty attending a number of PD sessions. This has resulted in greater usage of the programme, particularly the differing essay types, which has benefitted the students.
- There has been further discussion regarding text choices (for NCEA), to ensure continued engagement with said texts and thus, continued attainment in external examinations.
- Weekly tutorials did not occur during 2019, although there were workshops run prior to internal assessments (for NCEA) and mock examinations (for CIE, including the Year 10 First Language students). The end of year tutorials (including those in the Term Three holidays) were very well attended across both pathways.
- The Media Studies teachers continued in offering their students the opportunity to visit "Spookers", which allows insight into the production of their own film.
- Level Two Media Studies was introduced, with one time-tabled class, and proved to be successful with solid engagement and attainment achieved. This class was taught by Ms Deborah Leilua.

#### **2020** Directions and Initiatives:

- The replacement of the CIE First Language course at Year 10, with one which is far more reflective of what the students will encounter at IGCSE level and beyond. This new programme retains elements of the First Language course, but places far greater emphasis on analysis of literature and the mechanics of essay-writing, both of which are not so prominent in First Language.
- There are three new staff to the English Faculty and two in the ESOL Department. This means that the relative continuity of the past three years has ended and there will be a need to both welcome and quickly embed these staff into the Faculty.
- Continued development and/or expansion of both Level Two Media studies and the Literacy Programme; both of which have been successful this far and had positive impacts on the students of SPC.
- Dependent on which plays are being performed, the Faculty would hope to attend a performance at the Pop Up Globe, as this is a fantastic opportunity for the students to see literature 'brought to life' and further engage them with the texts studied.

The goal was to make it easy for the students to understand what is required for meet Achieved, Merit and Excellence. Moreover, the teaching content was updated and focused on trying to 'hook' and connect students personal interest to achievement standards.

- The major drive and focus in 2020 will be the Y9 sports science course. It is imperative that we have this course taught well. We must improve numbers in our Cambridge pathway and how well we teach the Y9 course in 2020 and the Sports Science course in 2021 will reflect our work in time to come.
- Developing more breadth with our sexuality programme. We need to be educating our students and develop their awareness around the possible realities they will experience in their lives.
- Develop more leadership. In 2020, George Hanham will be teacher in charge of the Level 1 course and Stu Hogg will be teacher in charge of the Level 2 course. The Level 2 course is a good position for Stu but the Level 1 course does require a tidy up. This should stretch George and will provide positive growth for his development.

## Middle School (Assistant Headmaster Middle School: Mr Matt Skeen)

#### 2018/2019 Highlights and Successes:

- Having a quality Sacramental programme in place where students feel welcomed and guided through this process by committed staff.
- 2 out of 3 Academic target goals were achieved, with the faculty only missing our Reading target by 1%. This was pleasing with a lot of working being done to ensure this had every chance of happening. These target goals are quite difficult considering that the academic standard of students entering the school has been generally decreasing.
- 2018 end of year Academic data clearly highlighted the academic progress students are making throughout their two years in the Middle School. With less students being under the school standard by the end of Year 8 and a higher number being above the standard by the end of year 8. This shows that in Year 7 important base work is being done so that in Year 8 students can progress at a greater rate.
- New staff to the faculty have settled in well, and added a wealth of experience and enthusiasm to the team.
- Staff Development: Middle School staff with extra responsibilities have displayed good work ethics and some good leadership attributes.
- The strengthening of our connection and relationship with Auckland University with 6 student teachers being placed here in 2019. These were a range of 2<sup>nd</sup> and 3<sup>rd</sup> year student teachers.
- Over the last 12 months we have seen a decrease in enquiry emails and calls being received from parents. We believe this is due to the St Peter's College A-Z Handbook and regular/clear information being sent to parents via emails and newsletters.

- To integrate the KiVa Programme into the Middle School: This is a anti bullying programme that explicitly teaches students about what bullying is, why it occurs and what/how to deal with it. It focuses on bully's, victims and bystanders.
- To introduce a Year 6 MidYas test at the new entrant testing day. This will give us more in-depth information are these students that will aid us in class placement, priority learning groups. This test will break students achievement into 4 bands: Literacy, Numeracy, Verbal and Non-verbal and Processing.
- To improve our integration of English with Humanities and Theology and Philosophy. Use the skills being taught in English with the content being learnt in other areas.
- Continue to develop our relationship with Auckland University and host student teachers from the Grad diploma programme as well as the BEd Programme.
- To use digital technology to aide in uniformity across curriculum areas which will enhance students learning and development. This will be done by using the intellectual capital of our staff in creating video tutorials posted on various platforms showing step by step processes in solving such things as mathematical equations.
- To continue with Teaching teams and further foster professional conversations on how we can continue to improve the teaching and learning. This includes speaking with HOF's across our core subjects.
- To create a programme, led by the school councillor that helps students with limited processing abilities. The focus will be on aiding them with strategies to use when faced with having to process thoughts and feelings that stress or anger them.
- To discuss and share with other COL schools regarding their best practise with regards to Mathematics, Reading and Writing. Furthermore show our data and our best practise in regards to the mentioned subjects. This will help us reflect and develop our own programmes moving forward.

## Pastoral Care (Deputy Headmaster: Mr Grant Hansen)

#### 2019 Highlights and Successes:

- All the Heads of Year are extremely well organised, and all bring real strengths to their roles. The collegiality amongst HOYs results in constant professional development and upskilling in their roles. All HOYs have undertaken professional development courses in 2019. The collective strength of this team is a vital ingredient in the schools' success.
- The external School events have all run very smoothly and the feedback has been extremely positive. I am pleased to report that compliments from the public far outweighs complaints. The manner in which the boys carry themselves in public reflects very positively on the School. It remains a real pleasure to see the boys represent the school in the public eye.
- Clear rules and regulations, coupled with very efficient and effective intervention means the school can support the parents in their sons being able to make positive decisions.
- Due to clear communication and constant reinforcement at assembly there has been only a few social media / cyber bullying incidents at the school. Clear expectations and constant upskilling of teachers has been the key to this success.
- The effective and very efficient turnaround of serious breaches of school rules adds to the strength of the School rules and its values.
- In the latter half of the year, senior students have taken a more proactive role in the assemblies. The senior students have led and presented at Middle School, Junior and Senior assemblies on topics such as:
  - > Effective use of social media
  - Student well-being
  - Academic focus
  - > Responding to challenges
  - ➢ Goal setting
  - Student safety
  - Service to others
- The St Peter's College Service Student Leadership Programme has been well developed by Mr. Fricker and is now more closely aligned with the College culture.
- There has been upskilling of teachers to ensure a **consistent** and **professional** expectation of the staff at St Peter's College, with emphasis on:
  - > Engagement.
  - Pastoral care.
  - Academic achievements.
  - > Attendance percentages.

- Further refinement of the roles of Teacher in Charge of Secondary Transition and Academic Tracking Dean
- Increased tracking of students' co-curricular commitments (2 co-curricular activities is the minimum)
- The Heads of Year to provide a clearer picture of at-risk students. This information needs to be in greater detail so the Deputy Headmaster can pass this information on (where relevant and when deemed necessary) to the SLT and relevant teachers.
- The HOYs to have a more detailed follow up with students who have a low attendance record
- The Head of Years have introduced a new system for students who are late. This system has worked well and has resulted in the number of after school detentions being reduced dramatically

- Further professional development for the Heads of Year. Each Head of Year to attend professional development courses on topics that specifically relate to Pastoral Care. Each HOY would then report back to the Pastoral Care Team in detail, as well as a summarised account to the staff in general
- Establishment of HOY visits to like-minded Schools. The establishment of reciprocal visits with like-minded school to bring back "best practice" ideas to be able to be adapted to St Peter's College
- Regular promotion and celebration of student achievement and positive feedback received from the general public. This is done very well at the School and it is important that ALL students strive to be recognised for positive achievements from ALL areas of School life.

# b) Samoan Group Chair: Mrs Katie Ieriko

### Teacher in Charge: Deborah Leilua SPC Tautua Mo Samoa Komiti Chair: Leseaimalo Katie Ieriko

Malo lava le soifua manuia,

2019 has been another exciting and eventful year for both the Samoan Parents Komiti and our young Samoan men of St Peters College. With the continued dedication, commitment and support of a group of amazing parents from our Samoan community, Samoan group initiatives were once again able to provide the following opportunities for our students:

- Awareness of one's Samoan identity and culture within the wider student body.
- Embracing and understanding Samoan language and culture.
- Learning support provided through a specialised academic programme.
- Engagement with the Samoan community both within and outside the school.
- Understanding roles within the school and developing leadership across all Year levels.

### Polyfest

Kicking off the year was Polyfest 2019, which saw a large number of newcomers join the Samoan group this year. Our Samoan Leaders attended the Leadership fono organised by Polyfest which occurs in the school holidays and allows them to network with other Cultural Group leaders from a range of schools. We had a diverse group of 41 young men from a range of Pasifika cultures as well as Maori and Pakeha. Three former students of SPC who self tutored in 2016, returned to tutor the group this year along with a St Peter's College grandparent and teachers from McAuley High School. Mrs Eseta Ah-Ching-Lava and the Samoan Parten Komiti supported and guided the students throughout their journey. With an experienced tutoring group, we were able to teach the students quality performances and they were extremely engaged. We had a great support network from parents who fed the group during long practices, volunteered for backstage uniform duty and Father's who supervised the group during Live-In weekends. During Polyfest, the students are expected to keep up with all internals. Teachers update Ms Leilua of any students who are falling behind and we run compulsory tutorials before practice. We encouraged students subjects to weave Polyfest into internals if they wanted eg: A Y9 persuasive speech on the benefits of Polyfest/ a Photography board based around their cultural group or a Y12 Media music video filmed during performances.

Unfortunately, due to the Polyfest cancellation, the students were unable to perform, but made up by performing at the St Peter's College Vigil and the Alofa Concert that were both fundraisers for the Christchurch victims. As well as this, the students put on a fundraising performance for grandparents and those who could not make Fia Fia Night. The journey, brotherhood, commitment, learning and growth they experienced was all worth it. The future of our Samoan group is promising with these charismatic future leaders and we look forward to our leadership team next year.

### **Tautua Programme**

Tautua 2019 was led by our Samoan Group leader Elijah Fuamatu. Other Samoan leader Naryan Strickland attended when he could. This programme is one which includes a range of tailored activities to support the learning needs of Samoan students at St Peters College. The TAUTUA programme was implemented and continues to assist and prepare Samoan students across all year levels, with the skills necessary to achieve well within their class environment, during exams and develop leadership skills for the benefit of the school and wider community. TAUTUA ran for 6 weeks and focused on academic success, cultural intelligence, mentoring and leadership. It included a series of co-ordinated tuition in specific subjects, targeted guest speakers and an off-site visit to Unitec. This year we had an expert on Aganu'u Samoan cultural practices to encourage

the boys to stay in touch with their culture. TAUTUA aims to support students in gaining an understanding of their unique skills, interests, and values while celebrating their Samoan identity. Teachers Mr Kingdon & Ms Leilua supported our Komiti and parent reps Frances Fuamatu and Natasha Strickland organised a lot of the programme. Next year we are looking at starting Tautua in Term 2 to be in line with internals and continue the momentum of Polyfest by engaging them academically.

### **Future Pathways**

This year, the Samoan students participated in BEAMS (Business, Engineering, Architecture, Medicine and Science) at Auckland University and Y10-Y13 PILOT (Pacific Leaders of Tomorrow) programmes held at tertiary institutes. The aim of both these programmes is to encourage our Samoan students to aim for higher learning and introduce them to subjects where Pasifika are under represented in the tertiary environment. It allows them to network with fellow leaders from other schools while also looking at tertiary learning through a Pacific lens.

### Collaborations

Our Samoan students have been in a leadership partnership with the Pasifika students at St Cuthberts. This was organised by Ms Leilua and their Pasifika liason Ms Naomi Saxton aiming to prepare the students more for leadership positions within their school, particularly with our Y11 and Y12 students. In Term 2, we hosted a leadership fono for 50x St Cuths and SPC students combined which featured guest speakers Mike King and Sisters United while they also participated in Action Education Spoken Word workshops about cultural leadership. Next year, we plan to do more service within low decile schools and perhaps another Pasifika Talent Quest like we had in 2018. We hope to host another leadership fono in Term 2 of 2020.

A goal for 2020 is to foster leadership and academic excellence within our Samoan students.

The Komiti would like to acknowledge the St Peters College leadership team and staff, for the ongoing support. Special thanks and appreciation must be given to former Komiti members for your vision in paving a dedicated pathway of support and excellence for our Samoan students, to current Komiti members for your passion and commitment in supporting and driving these initiatives, to our wider Samoan parent community for your continued help, support and investment in your son's growth as young Samoan men, and to our students, for taking ownership of your cultural identity and using these initiatives to learn, grow and strive for excellence.

Malo le taumafai, malo le tapua'i, malo le tauivi! Fa'afetai tele lava Ms Leilua and the Samoan Parent Komiti

### KAFAOLA 'O SANGATO PETELŌ, 2019 THEME

Ko Au 'a e momona 'o e 'Ōsení', ko e Feleoko, Ako'anga Mā'olunga, mo e Halafononga kí he'eku mo'uí'. Ko Au, 'a e Kakala Híngoa 'o e 'Osení', 'A Au ko e Kakala 'Iloa, 'o Tahí'

THE BLOOD OF THE OCEAN FLOWS THROUGH ME, MY SUSTENANCE, MY NEST OF HIGHER LEARNING, MY NAVIGATOR I AM THE LIVING ESSENCE OF THE OCEAN, THE LIVING ESSENCE OF THE OCEAN IS ME

The St Peter's College Tongan Cultural Group encourages our Pasifika boys to take pride in their culture and is open to all students. Being the leader of this year's KAFAOLA 'O SANGATO PETELO 2019 group was an honour and privilege as I was able to lead and experience young St Peter's men who loved to embrace their culture. This year we performed two items, the first one being the Ma'ulu'ulu which is a sitting down dance that both boys and girls can participate in. Ma'ulu'ulu was first introduced to Tonga when missionaries reached the friendly islands. Nowadays this traditional dance is performed on any occasion that is connected to the Tongan Royal Family. The second item we performed was the Mako which is a 'war dance' and is only performed by boys and young men. This dance is very popular and unique as it is a remembrance of the old days when Ma'afu the king of Tonga tried to win all of Tonga and rule them. There was a lot of hard work and determination shown by the boys going into learning these two items and learning the history behind the Ma'ulu'ulu and Mako. This year we were fortunate to have the support, knowledgeable and experienced of Masila and his daughter Litea 'Aholelei as well as their family, a family very experienced at Tongan traditional dances, providing 1st place performances with other schools. There was a lot of hard work, sweat and laughter during practices as the boys got closer as a group and the brotherhood bond grew within the group. Unfortunately, this year we didn't get to perform at ASB Polyfest as it was cancelled due to the Christchurch tragedy. However, the parents organized a night where we got to perform the items to family and friends where we got to fully dress up into our traditional costumes and showcase all the hard work and preparation we did for the past 6 weeks. We also performed at the SPC Christchurch Vigil. This year we had a lot of enjoyment and made memories that all the boys, families and people involved will cherish forever.

A special thanks to our Tutors, Masila and Litea 'Aholelei and family who gave so much of their time.

Special thanks also to Mr Afungia, participants, families, supporters and the Tongan Parents Committee for believing in us from day one. Without your help and enthusiasm, it would be impossible for us to have a group and to demonstrate to our school community that our Tongan Culture is alive and well at St Peter's.

Si'oto'ofa he Maka Malipolo Manukia (Deputy Head Boy & Leader of the KAFAOLA)

# d) College Production Mr Brett Fricker

### "Jesus Christ Superstar" – St. Peter's Production for 2019

2019 was a ground-breaking year in the long history of College productions. For the first time in over 20 years the legendary John Hellyer was not the Director. This year Stephen Dallow took over this role bringing with him many years of experience producing shows with his own drama company 'Kids for Drama'. He brought with him a 'new' choreographer in Daniel McLean and, for the first time in many years we had music played and organized by our own Music department, lead by Zha Li Teh. A big thank you to all the musicians who provided the excellent music for the show.

We were even recognised through nominations for the Showdown Awards – the Secondary Schools' equivalent of the Tony's – through David Fromont and Hamish Butterworth-Snell who both played Pilate and were nominated for Best Male Soloist. Also nominated in the same category was Jordan Blennerhassett for his role as Herod and Allebina Pailate, for her role as Herod, was nominated in the Best Female Soloist category. Unfortunately none of our nominees received an award, but just having them recognised was fantastic and a great compliment to their work in this show.

Whilst not receiving any nominations, Angus Butterworth-Snell and Tom Grayson deserve a special mention for their long hours and hard work in the very challenging vocal role of title character Jesus. Max McIver and Hugo Hall had the equally challenging role of Judas and, as always, we combined with St. Mary's and Marist who this year provided our Marys, namely Antonia Robinson and Selina Tuimoala.

Special thanks must go to Marist for the use of their gym and music rooms for many of the rehearsals. Also a big thank you to Ms Claire Begovic and Mrs Chris Hackshaw who ran the costumes and dressing rooms like clockwork.

The 2020 production has been confirmed. The production for 2020 will be "Chess". Auditions will be held over the second week of Term 1 with performance week being at the end of Term 2. It promises to be another very successful and enjoyable production.

## St Peter's College Notes to the Group Financial Statements

For the year ended 31 December 2019

### 1. Statement of Significant Accounting Policies

### a) Reporting Entity

St Peter's College is a Crown entity as specified in the Crown Entities Act 2004 and a school as described in the Education Act 1989. The St Peter's College Group (the "Group") consists of St Peter's College and its subsidiary St Peter's College Foundation Trust. The subsidiary is a School Trust ("Trust") which supports the school by raising funds and making donations for the school. The Board of Trustees (the Board) is of the view the Group is a public benefit entity for financial reporting purposes. The Group consolidates all entities over which it has control. Control as defined in PBE IPSAS 6 is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The only entity identified as a controlled entity is the St Peter's College Foundation Trust as it was established exclusively to benefit St Peter's College. Intra-group transactions are eliminated in preparing the group financial statements. St Peter's College and the St Peter's College Foundation Trust are referred to as 'The Group' for the purposes of these group accounts.

### b) Basis of Preparation

### **Reporting Period**

The group financial reports have been prepared for the period 1 January 2019 to 31 December 2019 and in accordance with the requirements of the Public Finance Act 1989.

### **Basis of Preparation**

The consolidated financial reports have been prepared on a going concern basis, and the accounting policies have been consistently applied throughout the period.

### **Basis of Consolidation**

The group financial reports are prepared by adding together like items of assets, liabilities, equity, revenue, expenses, and cash flows of entities in the group on a line-by-line basis. All intra-group balances, transactions, revenue, and expenses are eliminated on consolidation.

Details of investment in subsidiaries are set out in Note 31.

### Financial reporting standards applied

The Education Act 1989 requires the School, as a Crown entity, to prepare financial statements in accordance with generally accepted accounting practice. The consolidated financial statements have been prepared in accordance with generally accepted accounting practice in New Zealand, applying PBE Accounting Standards (PBE IPSAS) Reduced Disclosure Regime as appropriate to public benefit entities that qualify for Tier 2 reporting. The Group is considered a Public Benefit Entity as it meets the criteria specified as "having a primary objective to provide goods and/or services for community or social benefit and where any equity has been provided with a view to supporting that primary objective rather than for financial return to equity holders".

### Standard early adopted

In line with the Financial Statements of the Government, the School has elected to early adopt PBE IFRS 9 Financial Instruments. PBE IFRS 9 replaces PBE IPSAS 29 Financial Instruments: Recognition and Measurement. Information about the adoption of PBE IFRS 9 is provided in Note 32.

### PBE Accounting Standards reduced disclosure regime

The Group qualifies for Tier 2 as the group is not publicly accountable and is not considered large as it falls below the expenditure threshold of \$30 million per year. All relevant reduced disclosure concessions have been taken.

### Measurement base

The consolidated financial statements are prepared on the historical cost basis unless otherwise noted in a specific accounting policy.

### **Presentation currency**

These consolidated financial statements are presented in New Zealand dollars, rounded to the nearest dollar.

### Specific accounting policies

The accounting policies used in the preparation of these consolidated financial statements are set out below.

#### Critical accounting estimates and assumptions

The preparation of consolidated financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenue and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

#### Useful lives of property, plant and equipment

The Group reviews the estimated useful lives of property, plant and equipment at the end of each reporting date. The Group believes that the estimated useful lives of the property, plant and equipment as disclosed in the Significant Accounting Policies are appropriate to the nature of the property, plant and equipment at reporting date. Property, plant and equipment is disclosed at note 15.

### Critical Judgements in applying accounting policies

Management has exercised the following critical judgements in applying accounting policies:

### Classification of leases

Determining whether a lease is a finance lease or an operating lease requires judgement as to whether the lease transfers substantially all the risks and rewards of ownership to the school. Judgement is required on various aspects that include, but are not limited to, the fair value of the leased asset, the economic life of the leased asset, whether or not to include renewal options in the lease term, and determining an appropriate discount rate to calculate the present value of the minimum lease payments. Classification as a finance lease means the asset is recognised in the statement of financial position as property, plant, and equipment, whereas for an operating lease no such asset is recognised.

#### Consolidation of entities

The Group consolidates entities based on whether the School has established control of the subsidiary. The subsidiary which is controlled is disclosed at Note 31.

#### Recognition of grants

The Group reviews the grants monies received at the end of each reporting period and whether any require a provision to carry forward amounts unspent. The Group believes all grants received have been appropriately recognised as a liability if required. Government grants are disclosed at note 2.

#### c) Revenue Recognition

#### Government grants

The Group receives funding from the Ministry of Education. The following are the main types of funding that the School receives;

Operational grants are recorded as revenue when the Group has the rights to the funding, which is in the year that the funding is received.

Teachers' salaries grants are recorded as revenue when the Group has the rights to the funding in the salary period they relate to. The grants are not received in cash by the Group and are paid directly to teachers by the Ministry of Education.

Grants for the use of land and buildings are also not received in cash by the Group as they equate to the deemed expense for using the land and buildings which are owned by the Proprietor. Use of land and building grants are recorded as revenue in the period the Group uses the land and buildings.

#### Grants

Other grants are recorded as revenue when the Group has the rights to the funding, unless there are unfulfilled conditions attached to the grant, in which case the amount relating to the unfulfilled conditions is recognised as a liability and released to revenue as the conditions are fulfilled.

### Donations

Donations, gifts and bequests are recorded as revenue when their receipt is formally acknowledged by the Group.

#### Interest revenue

Interest revenue on cash and cash equivalents and investments is recorded as revenue in the period it is earned.

#### d) Use of Land and Buildings Expense

The property from which the Group operates is owned by the Proprietor. The expense is based on an assumed market rental yield on the land and buildings as used for rating purposes. This is a non-cash expense that is offset by a non-cash grant from the Proprietor.

#### e) Operating Lease Payments

Payments made under operating leases are recognised in the Consolidated Statement of Comprehensive Revenue and Expense on a straight line basis over the term of the lease.

#### f) Finance Lease Payments

Finance lease payments are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each period during the lease term on an effective interest basis.

#### g) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, bank balances, deposits held at call with banks, and other short term highly liquid investments with original maturities of three months or less. The carrying amount of cash and cash equivalents represent fair value.

#### h) Accounts Receivable

Short-term receivables are recorded at the amount due, less an allowance for credit losses. The school applies the simplified expected credit loss model of recognising lifetime expected credit losses for receivables. In measuring expected credit losses, short-term receivables have been assessed on a collective basis as they possess shared credit risk characteristics. They have been grouped based on the days past due. Short-term receivables are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include the debtor being in liquidation.

#### **Prior Year Policy**

Accounts Receivable represents items that the School has issued invoices for, or accrued for, but has not received payment for at year end. Receivables are initially recorded at fair value and subsequently recorded at the amount the School realistically expects to receive. A receivable is considered uncollectable where there is objective evidence the School will not be able to collect all amounts due. The amount that is uncollectable (the provision for uncollectability) is the difference between the amount due and the present value of the amounts expected to be collected.

#### i) Inventories

Inventories are consumable items held for sale and comprise of stationery and school uniforms. They are stated at the lower of cost and net realisable value. Cost is determined on a first in, first out basis. Net realisable value is the estimated selling price in the ordinary course of activities less the estimated costs necessary to make the sale. Any write down from cost to net realisable value is recorded as an expense in the Consolidated Statement of Comprehensive Revenue and Expense in the period of the write down.

#### j) Investments

Bank term deposits are initially measured at the amount invested. Interest is subsequently accrued and added to the investment balance. A loss allowance for expected credit losses is recognised if the estimated loss allowance is not trivial.

#### **Prior Year Policy**

Bank term deposits for periods exceeding 90 days are classified as investments and are initially measured at the amount invested. Interest is subsequently accrued and added to the investment balance. After initial recognition bank term deposits are measured at amortised cost using the effective interest method less impairment.

The Group has met the requirements under Schedule 6 Section 28 of the Education Act 1989 in relation to the acquisition of investment securities.

#### k) Property, Plant and Equipment

Land and buildings owned by the Proprietor are excluded from these consolidated financial statements. The Board's use of the land and buildings as 'occupant' is based on a property occupancy document.

Improvements to, and contributions to buildings owned by the Proprietor have been transferred to an equitable leasehold interest or written off if the book value was less than \$40,000.

Property, plant and equipment are recorded at cost or, in the case of donated assets, fair value at the date of receipt, less accumulated depreciation and impairment losses. Cost or fair value as the case may be, includes those costs that relate directly to bringing the asset to the location where it will be used and making sure it is in the appropriate condition for its intended use.

Property, plant and equipment acquired with individual values under \$250 are usually not capitalised, they are recognised as an expense in the Consolidated Statement of Comprehensive Revenue and Expense.

Gains and losses on disposals (*i.e.* sold or given away) are determined by comparing the proceeds received with the carrying amounts (*i.e.* the book value). The gain or loss arising from the disposal of an item of property, plant and equipment is recognised in the Consolidated Statement of Comprehensive Revenue and Expense.

#### Finance Leases

A finance lease transfers to the lessee substantially all the risks and rewards incidental to ownership of an asset, whether or not title is eventually transferred. At the start of the lease term, finance leases are recognised as assets and liabilities in the statement of financial position at the lower of the fair value of the leased asset or the present value of the minimum lease payments. The finance charge is charged to the surplus or deficit over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability. The amount recognised as an asset is depreciated over its useful life. If there is no reasonable certainty whether the school will obtain ownership at the end of the lease term, the asset is fully depreciated over the shorter of the lease term and its useful life.

#### Depreciation

Property, plant and equipment and library resources are depreciated over their estimated useful lives on a straight line basis. Depreciation of all assets is reported in the Consolidated Statement of Comprehensive Revenue and Expense.

The estimated useful lives of the assets are:

| Furniture and equipment                                | 5-10 years |
|--|------------|
| Electrical, audio visual, sports and musical equipment | 5 years    |
| Plant  | 5-10 years |
| Information and communication technology               | 3 years    |
| Motor vehicles   | 4 years    |
| Library resources                                      | 3-8 years  |

#### I) Impairment of property, plant, and equipment and intangible assets

St Peter's College does not hold any cash generating assets. Assets are considered cash generating where their primary objective is to generate a commercial return.

#### Non cash generating assets

Property, plant, and equipment and intangible assets held at cost that have a finite useful life are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable service amount. The recoverable service amount is the higher of an asset's fair value less costs to sell and value in use.

Value in use is determined using an approach based on either a depreciated replacement cost approach, restoration cost approach, or a service units approach. The most appropriate approach used to measure value in use depends on the nature of the impairment and availability of information.

If an asset's carrying amount exceeds its recoverable service amount, the asset is regarded as impaired and the carrying amount is written down to the recoverable amount. The total impairment loss is recognised in the surplus or deficit.

The reversal of an impairment loss is recognised in the surplus or deficit.

#### m) Accounts Payable

Accounts payable represents liabilities for goods and services provided to the Group prior to the end of the financial year which are unpaid. Accounts Payable are recorded at the amount of cash required to settle those liabilities. The amounts are unsecured and are usually paid within 30 days of recognition.

#### n) Employee Entitlements

#### Short-term employee entitlements

Employee benefits that are due to be settled within 12 months after the end of the period in which the employee renders the related service are measured based on accrued entitlements at current rates of pay. These include salaries and wages accrued up to balance date, annual leave earned to, but not yet taken, at balance date and long service leave.

#### o) Revenue Received in Advance

Revenue received in advance relates to fees received from domestic and international students and grants where there are unfulfilled obligations for the Group to provide services in the future. The fees are recorded as revenue as the obligations are fulfilled and the fees earned.

The Group holds sufficient funds to enable the refund of unearned fees in relation to international students, should the Group be unable to provide the services to which they relate.

#### p) Funds held in trust

Funds are held in trust where they have been received by the Group for a specified purpose, or are being held on behalf of a third party and these transactions are not recorded in the Consolidated Statement of Revenue and Expense. The Group holds sufficient funds to enable the funds to be used for their intended purpose at any time.

#### q) Provision for Cyclical Maintenance

The property from which the school operates is owned by the Proprietor. The Board is responsible for maintaining the land, buildings and other facilities on the Group sites in a state of good order and repair.

Cyclical maintenance, which involves painting the interior and exterior of the Group, makes up the most significant part of the Board's responsibilities outside day-to-day maintenance. The provision for cyclical maintenance represents the obligation the Board has to the Proprietor and is based on the Board's ten year property plan (10YPP).

#### r) Financial Assets and Liabilities

The Group's financial assets comprise cash and cash equivalents, accounts receivable, and investments. All of these financial assets are categorised as "loans and receivables" for accounting purposes in accordance with financial reporting standards.

The Group's financial liabilities comprise accounts payable and finance lease liability. All of these financial liabilities are categorised as "financial liabilities measured at amortised cost" for accounting purposes in accordance with financial reporting standards..

#### s) Goods and Services Tax (GST)

The consolidated financial statements have been prepared on a GST exclusive basis, with the exception of accounts receivable and accounts payable which are stated as GST inclusive.

The net amount of GST paid to, or received from, the IRD, including the GST relating to investing and financing activities, is classified as a net operating cash flow in the consolidated statement of cash flows.

Commitments and contingencies are disclosed exclusive of GST.

#### t) Budget figures

The budget figures are extracted from the Group budget that was approved by the Board at the start of the year.

#### u) Services received in-kind

From time to time the Group receives services in-kind, including the time of volunteers. The Group has elected not to recognise services received in kind in the Statement of Comprehensive Revenue and Expense.

The use of land and buildings figure represents 8% of the school's total property value. This is used as a 'proxy' for the market rental of the property. Property values are established as part of the nation-wide revaluation exercise that is conducted every 30 June for the Ministry of Education's year-end reporting purposes.

### 22. Related party transactions (School and Group)

The School is a controlled entity of the Crown, and the Crown provides the major source of revenue to the school. The school enters into transactions with other entities also controlled by the Crown, such as government departments, state-owned enterprises and other Crown entities. Transactions with these entities are not disclosed as they occur on terms and conditions no more or less favourable than those that it is reasonable to expect the school would have adopted if dealing with that entity at arm's length.

Related party disclosures have not been made for transactions with related parties that are within a normal supplier or client/recipient relationship on terms and condition no more or less favourable than those that it is reasonable to expect the school would have adopted in dealing with the party at arm's length in the same circumstances. Further, transactions with other government agencies (for example, Government departments and Crown entities) are not disclosed as related party transactions when they are consistent with the normal operating arrangements between government agencies and undertaken on the normal terms and conditions for such transactions.

## St Peter's College **Notes to the Group Financial Statements (cont...)** For the year ended 31 December 2019

The Proprietor of the School, the Roman Catholic Bishop of Auckland, is a related party of the Board because the proprietor appoints representatives to the Board, giving the proprietor significant influence over the Board. Any services or contributions between the Board and Proprietor that are material transactions that have occurred have been disclosed appropriately.

Under an agency agreement, the School collects funds on behalf of the Proprietor. These include attendance dues, building levy and special character donations payable to the Proprietor. The amounts collected in total in 2019 were \$1,069,269 (2018: \$1,068,891). These do not represent revenue in the financial statements of the school. Any balance not transferred at the year end is treated as a liability. The total funds held by the school on behalf of the Proprietor at 31 December 2019 are \$61,474 (2018: \$39,653).

The Proprietor provides land and buildings free of charge for use by the Board as noted in Note 1(c). The estimated value of this use during 2018 is included in the Statement of Comprehensive Revenue & Expense as "Use of land and buildings".

The College received no donations in advance during the year for the St Peter's College Foundation (2018: \$Nil). The Foundation is considered to be a related party by virtue of the fact it is controlled by the College.

During the year the Foundation paid donations of \$1,575,000 to the College. (2018 \$1,300,000)

### 24. Equitable Leasehold Interest (School and Group)

An equitable leasehold interest recognises an interest in an asset without transferring ownership or creating a charge over the asset. This equitable leasehold interest represents the board's interest in capital works assets owned by the proprietor but paid for in whole or part by the Board of Trustees, either from government funding or community raised funds.

A lease between the board and the proprietor records the terms of the equitable leasehold interest and includes a detailed schedule of capital works assets. The equitable leasehold interests are amortised according to the economic life of the capital works assets involved as listed below. The interest may be realised on the sale of the capital works by the proprietor or the closure of the College.

The major capital works assets included in the equitable leasehold interest are:

#### Holidays Act Compliance – schools payroll

The Ministry of Education performs payroll processing and payments on behalf of school boards of trustees, through payroll service provider Education Payroll Limited.

The Ministry has commenced a review of the schools sector payroll to ensure compliance with the Holidays Act 2003. The initial phase of this review has identified areas of non-compliance, however the potential impact on any specific school or individual and any associated historical liability will not be known until further detailed analysis has been completed.

To the extent that any obligation cannot reasonably be quantified at 31 December 2019, a contingent liability for the school may exist.

## 27. Managing Capital (School and Group)

The School's capital is its equity and comprises capital contributions from the Ministry of Education for property, plant and equipment and accumulated surpluses and deficits. The School does not actively manage capital but <u>"attempts"</u> to ensure that income exceeds spending in most years. Although deficits can arise as planned in particular years, they are offset by planned surpluses in previous years or ensuing years.

## 30. Events After Balance Date

On 11 March 2020 the World Health Organisation declared the outbreak of COVID-19 (a novel Coronavirus) a pandemic. Two weeks later, on 26 March, New Zealand increased its COVID-19 alert level to Level 4 and a nationwide lockdown commenced. As part of this lockdown all schools were closed until 18 May 2020.

At the date of issuing the financial statements, the school has been able to absorb the majority of the impact from the nationwide lockdown. In the periods the school was physically closed but open for tuition, the school switched to alternative methods of delivering the curriculum so that students could learn remotely.

At this time the full financial impact of the COVID-19 pandemic is not able to be determined, but it is not expected to be significant to the school. The school has continued to receive funding from the Ministry of Education, even while closed.

## 31. Investment in Subsidiaries

Details of the Group's material subsidiaries at the end of the reporting period are as follows.

| Name of Subsidiary                     | Name of Subsidiary Prinicpal Activity Place of incorporation |               | Proportion of or<br>interest and vot<br>held by the Gro | ing power | Value of investment \$000 |      |  |

The Trust has a 31 December balance date, is 100% owned by the School, and is a registered charity domiciled in New Zealand.

The School controls the Trust for financial reporting purposes because, in substance, the School predetermined the objectives of the Trust at establishment and benefits from the Trust's complementary activities.

## 32. Adoption of PBE IFRS 9 Financial Instruments

In accordance with the transitional provisions of PBE IFRS 9, the school has elected not to restate the information for previous years to comply with PBE IFRS 9. Adjustments arising from the adoption of PBE IFRS 9 are recognised in opening equity at 1 January 2019. Accounting policies have been updated to comply with PBE IFRS 9. The main updates are:

• Note 12 Receivables: This policy has been updated to reflect that the impairment of short-term receivables is now determined by applying an expected credit loss model.

• Note 14 Term deposits: This policy has been updated to explain that a loss allowance for expected credit losses is recognised only if the estimated loss allowance is not trivial.

Upon transition to PBE IFRS9 there were no material adjustments to these financial statements

## 33. Failure to comply with section 87 of the Education Act 1989

The Board of Trustees has failed to comply with Section 87 of the Education Act 1989 as the Board was unable to provide its audited financial statements to the Ministry of Education by 31 May 2020. The disruption caused by the COVID-19 restrictions, including the closure of the school, meant that the audit could not progress as planned, This resulted in the school missing the statutory deadline.

#### INDEPENDENT AUDITOR'S REPORT

#### TO THE READERS OF ST PETER'S COLLEGE GROUP FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019

The Auditor-General is the auditor of St Peter's College and its controlled entities (collectively referred to as a Group). The Auditor-General has appointed me, Chris Neves, using the staff and resources of BDO Auckland, to carry out the audit of the financial statements of the Group on his behalf.

#### Opinion

We have audited the financial statements of the Group on pages 65 to 85, that comprise the statement of financial position as at 31 December 2019, the statement of comprehensive revenue and expense, statement of changes in net assets/equity and statement of cash flows for the year ended on that date, and the notes to the financial statements that include accounting policies and other explanatory information.

In our opinion the financial statements of the Group:

- present fairly, in all material respects:
  - its financial position as at 31 December 2019; and
  - its financial performance and cash flows for the year then ended; and
- comply with generally accepted accounting practice in New Zealand in accordance with Public Sector Public Benefit Entity Standards Reduced Disclosure Regime as applicable to entities that qualify as tier 2.

Our audit was completed on 1 September 2020. This is the date at which our opinion is expressed.

The basis for our opinion is explained below. In addition, we outline the responsibilities of the Board of Trustees and our responsibilities relating to the financial statements, we comment on other information, and we explain our independence.

#### Emphasis of Matter - COVID-19

Without modifying our opinion, we draw attention to the disclosures in note 30 on page 85 which outline the possible effects of the Alert Level 4 lockdown as a result of the COVID-19 pandemic.

#### Basis for our opinion

We carried out our audit in accordance with the Auditor-General's Auditing Standards, which incorporate the Professional and Ethical Standards and the International Standards on Auditing (New Zealand) issued by the New Zealand Auditing and Assurance Standards Board. Our responsibilities under those standards are further described in the Responsibilities of the auditor section of our report.

We have fulfilled our responsibilities in accordance with the Auditor-General's Auditing Standards.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of the Board of Trustees for the financial statements

The Board of Trustees is responsible on behalf of the Group for preparing financial statements that are fairly presented and that comply with generally accepted accounting practice in New Zealand. The Board of Trustees is responsible for such internal control as it determines is necessary to enable it to prepare financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Trustees is responsible on behalf of the Group for assessing the Group's ability to continue as a going concern. The Board of Trustees is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless there is an intention to close or merge the Group, or there is no realistic alternative but to do so.

The Board of Trustees' responsibilities arise from the Education Act 1989.

#### Responsibilities of the auditor for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit carried out in accordance with the Auditor-General's Auditing Standards will always detect a material misstatement when it exists. Misstatements are differences or omissions of amounts or disclosures, and can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of readers taken on the basis of these financial statements.

For the budget information reported in the financial statements, our procedures were limited to checking that the information agreed to the Group's approved budget.

We did not evaluate the security and controls over the electronic publication of the financial statements.

As part of an audit in accordance with the Auditor-General's Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. Also:

- We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- We evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Trustees.
- We conclude on the appropriateness of the use of the going concern basis of accounting by the Board of Trustees and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's

report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- We evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We assess the risk of material misstatement arising from the Novopay payroll system, which may still contain errors. As a result, we carried out procedures to minimise the risk of material errors arising from the system that, in our judgement, would likely influence readers' overall understanding of the financial statements.

We communicate with the Board of Trustees regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Our responsibilities arises from the Public Audit Act 2001.

#### Other information

The Board of Trustees is responsible for the other information. The other information comprises the Analysis of Variance, Board of Trustees Listing and Kiwisport Report, but does not include the financial statements, and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of audit opinion or assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information. In doing so, we consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on our work, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Independence

We are independent of the Group in accordance with the independence requirements of the Auditor-General's Auditing Standards, which incorporate the independence requirements of Professional and Ethical Standard 1 (Revised): *Code of Ethics for Assurance Practitioners* issued by the New Zealand Auditing and Assurance Standards Board.

Other than the audit, we have no relationship with or interests in the Group.
