

Prayers for St Peter's College, Ourselves, New Zealand, the World and the Church

The following petitions can be used daily at the moment, and/or alongside the 'Celebrating Holy Week and Easter at Home' leaflets available on the school Website:

- For the Church: That God would give Pope Francis and Church leaders inspired strength and wisdom at this time of world crisis.
- For the World: that effective ideas and resources will be shared nation-to-nation in the continued fight against the Coronavirus.
- For our nation: May wisdom be granted to New Zealand's political and economic leaders as they continue to lead us through this crisis.
- For our hospitals and health workers: That they be given strength, support, and needed resources in the coming months in their front-line service of those affected by COVID-19.
- For our St Peter's College Community: May we show fidelity to our faith and our cause of education through this time, knowing that the world will need well educated and values-driven young people more than ever in the coming years.
