

SPC Basketball Strategic Plan

Our Vision:

A high performance programme that develops players to their maximum potential, delivers national championships and pathway options for a basketball career

Our vision is based on the following principles:

- We will have a professional, supported and committed head coach who will strengthen his own knowledge and experience with the use of external skills and positional expertise for all levels of the game.
- Individual player development in line with SPC's core values supported by strength and conditioning, mental resilience and personal goal setting know how delivered by specialised partners
- Developing and growing relationships with the wider basketball community both locally and internationally

Our Goals:

1yr (31st December 2021)

- Agreement and recognition of SPC's basketball strategic plan
- Identification, commitment and implementation of external coaching and skills providers
- Premiers Top 6 / attend and place Top 10 Nationals
- Junior Prems Top 4
- AIMS Top 20

3yrs (31st December 2023)

- External coaching and skills providers showing measurable contribution in supporting the Head coach
- Premier Champions / Top 4 Nationals / AIMS Top 16
- National selection for 2 players
- Home court reputation as a fortress (bunker)

5yrs (31st December 2025)

- Growing recognition and desirability both locally and overseas of SPC's basketball programme
- Examples of player pathways to US colleagues and other basketball opportunities including national representation
- No1 sport both for participation and competitive results at SPC
- Maintain Premier results / Top 2 Nationals / Junior Prems Winners / AIMS Top 5

We will develop basketball players who are recognised as products from a programme of excellence.

They will be:

- Respectful and respected on and off the court
- Smart and resourceful on and off the court
- Mentally and physically relentless
- Committed and accountable to the team and themselves
- Sought after for continued basketball involvement post SPC
- Admired and respected both within SPC and the wider community
- Part of a legacy

Our Director of Basketball will:

- Be committed to the success of SPC basketball for the next five years
- Provide instruction, mentoring, and coaching to student athletes in the skills, techniques, and competitive strategies necessary for individual and team success
- Evaluate individual and team performance and refine individual and team strategies throughout the season
- Have the ability to build a development program which results in ongoing premier grade success
- Plan, strategise and coordinate all practices and scheduled contests to provide a positive and competitive experience for student athletes
- Be a strong leader who will establish team rules and protocols and implement appropriately.
- Foster the personal development and competitive spirit of the student athletes while supporting their educational experience
- Provide basketball opportunities for all skill levels from social to competitive
- Create and implement a pathway for student coaches and referees

Whole School programme development

- Implement a 7 year player pathway programme for players to improve their own skill and understanding of the game to lead to future opportunities in basketball
- Skill development opportunities are made available to all players outside of their own team trainings. Through holiday programme and Teacher only day coaching clinics
- Educating our players on the balance of work, play and life. SPC basketballers are student-athlete, meaning academics comes first and standards must always be maintained.
- Create a SPC style of play, from our Year 7 level, through to Premier grade
