Learning Material:

Saint Peter (originally Simon, son of Jonas; and brother of Andrew) is regarded by Catholics as the first pope.

This is because, when Jesus began to institutionalise his followers, he gave Peter leadership and made him the “rock” on which the church is built.

Notoriously, and as Jesus predicted, Peter betrayed Jesus after Jesus had been arrested by, denying him three times.

Peter was a very impulsive man. Nevertheless, Peter had a leadership role in the early church and was the first disciple to convert a Gentile to “the Way”.

Peter probably died in anti-Christian persecutions in Rome in 64 AD. Legend says he was crucified upside-down.

Peter is often depicted with a key, as having “the keys to the kingdom”; and to this day the papal flag bears crossed keys.
